Game Information

We're running this race tournament-style, 2 teams will race at a time. Winners advance through the bracket.

On the official's "Go," Player #1 runs to the suitcase, opens it, and puts on all the items inside.

They then pick up the suitcase and run back to the start line.

Player #1 removes the items, while Player #2 puts them on.

Player #2 picks up the suitcase and runs to the far end.

At the end, they remove all the costume items, pack them back into the suitcase, and close it.

Player #2 then runs back to the starting line with the suitcase in hand.

Rules of the Race

Suitcase must stay closed while running (no dropping clothes or suitcase).

You must put on everything inside the suitcase.

No pushing, shoving, or helping other racers – it's every legend for themselves!

First across the finish line wins the heat.
